

VAN BUREN COUNTY DRAIN COMMISSIONER

JOE PARMAN, Drain Commissioner

JEFF ARNDT, SESC Officer

GEORGIA MASSURA, Assistant to the Drain Commissioner

To: Traversed Property Owners
From: Joe Parman
Van Buren County Drain Commissioner
Subject: North Phoenix Drain
Date: 11/09/09

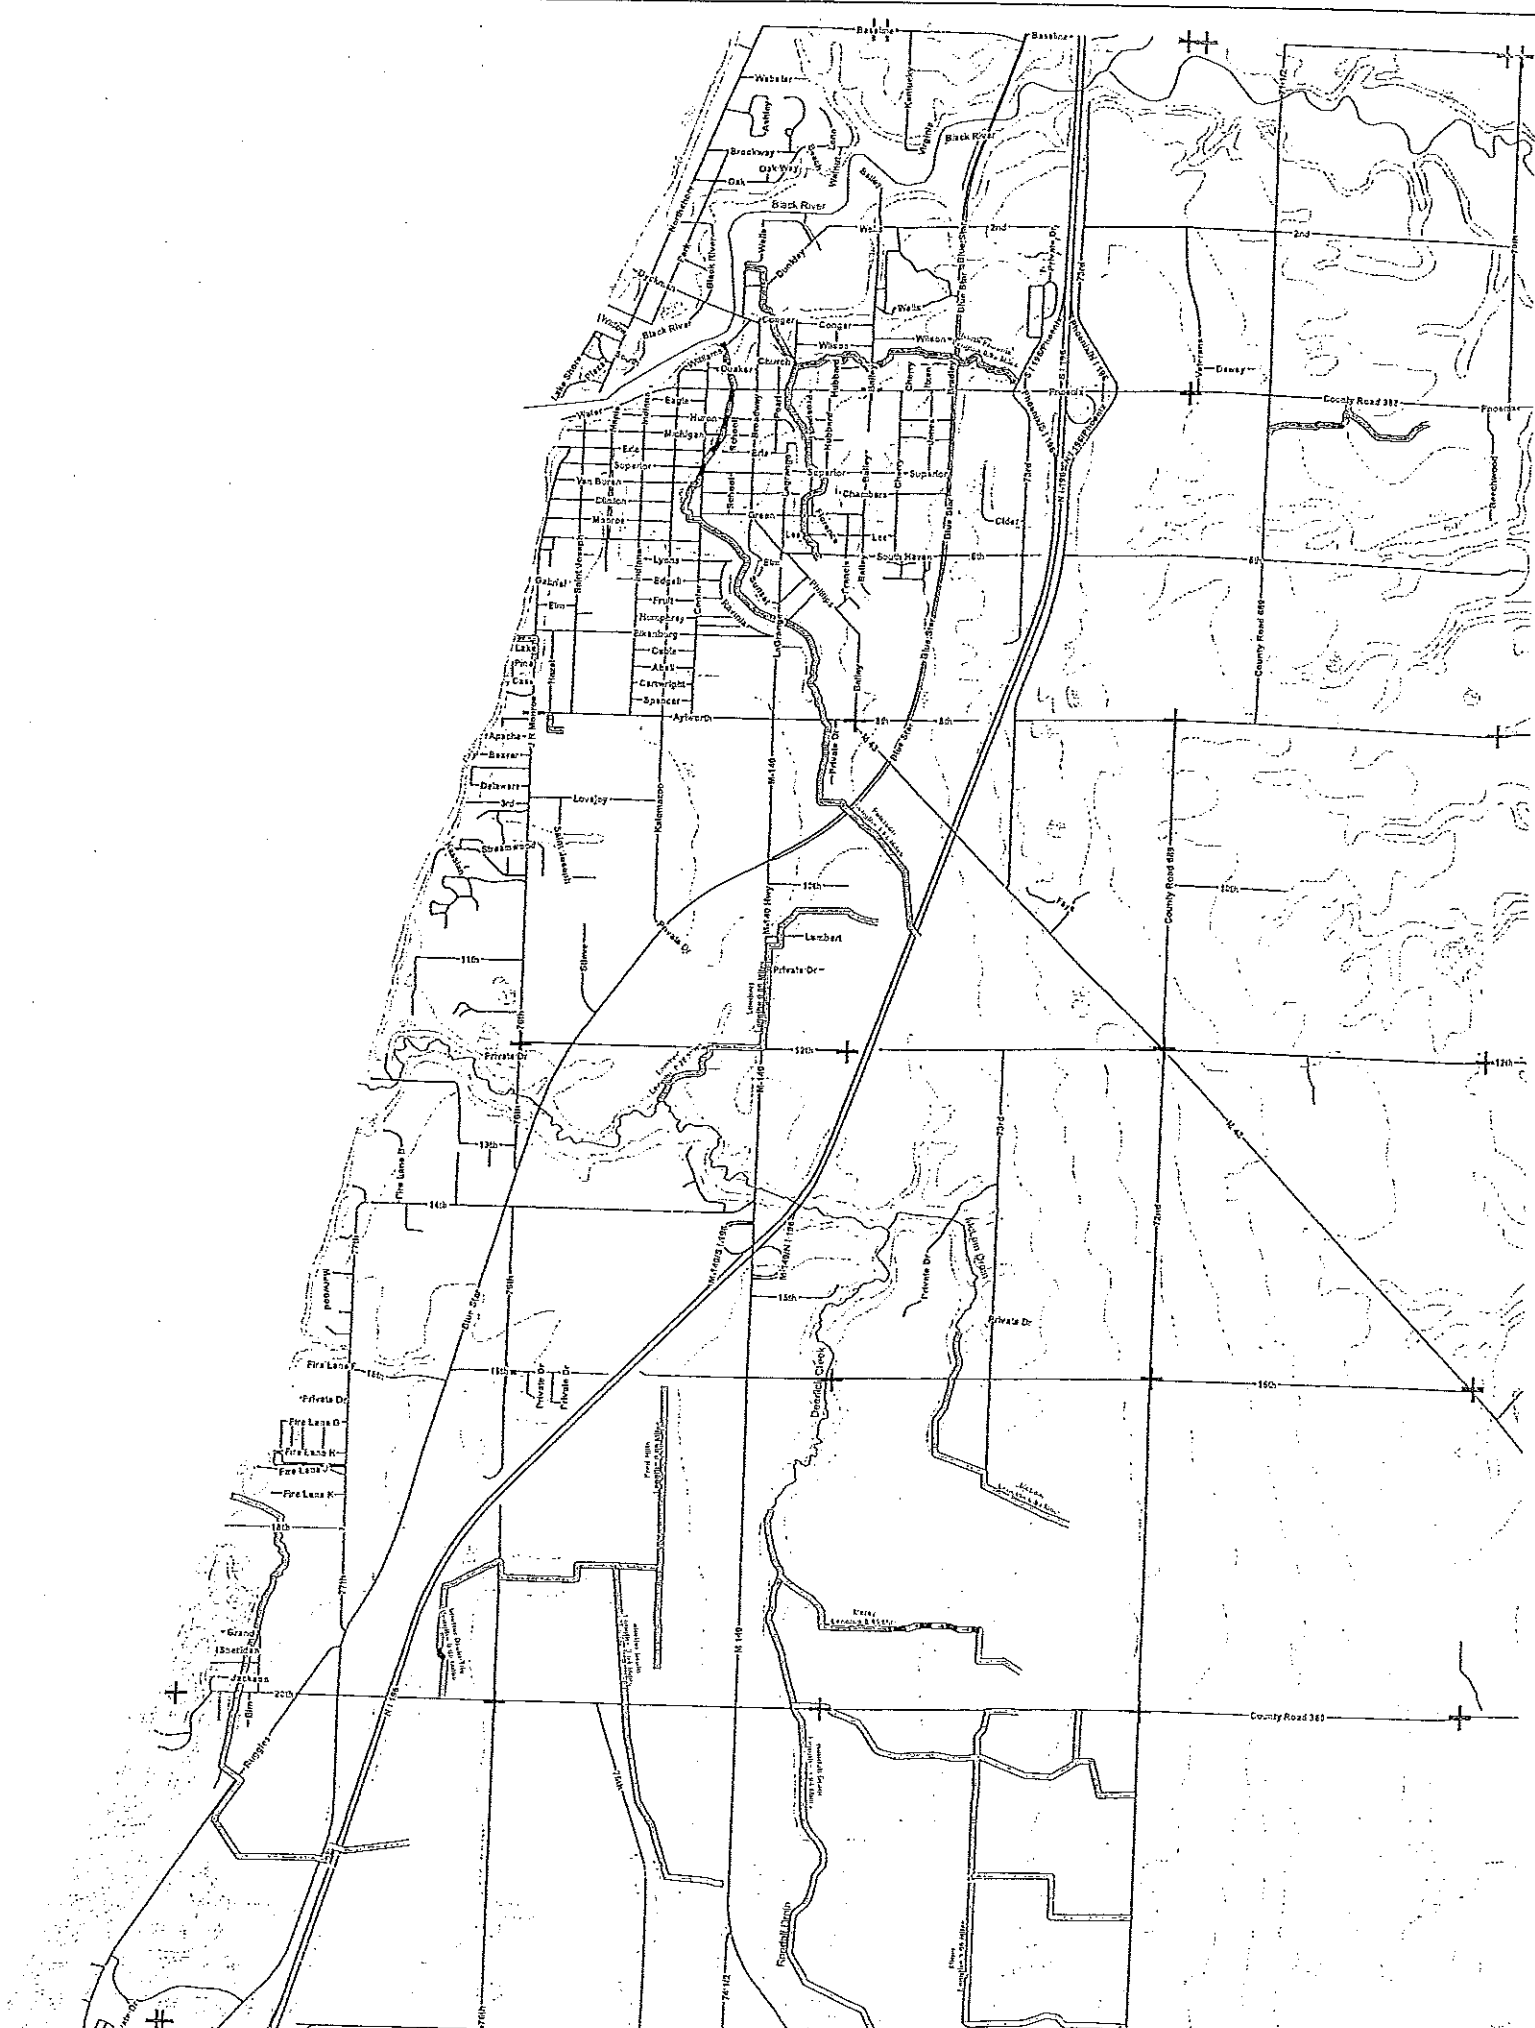

Pleased be advised that we will be inspecting and performing routine preventative maintenance on the North Phoenix Drain. The Drain Office and the Sheriff's Alternative Worker Program will be hand-cleaning the drain. The work will include selective removal of brush, trees and debris within the drain, its banks, and easement in order to improve the flow and access of the drain. Natural debris, such as trees, and brush will be placed atop the drain banks within the drain easement.

Preventative routine maintenance is necessary to avoid more costly projects due to long term neglect or drain failures and help contain those costs. If there are not sufficient funds in the drain account the state law requires a special assessment to be levied against all lands and municipalities within the drainage district benefitting from this work. The assessment, by law would be applied to your tax bill.

Your cooperation is always appreciated in these matters. Should you have any questions, concerns, or suggestions please contact the Drain Office at 269.657.8241 or log on to www.vbco.org/government0365.asp
