CITY OF SOUTH HAVEN 2017 MASTER PLAN OVERTON CHARRETTE WORKSHOP September 26, 2017

The City of South Haven Planning Commission is working on the city's 2017 Municipal Master Plan. **As part of this effort, a design charrette of the former S.E. Overton Factory site located at 229 Elkenburg is being conducted to develop a plan for this study area.** A map of the study area is shown on the back of this notice.

You are invited to participate in this workshop because you either own property, operate a business, or live within the study area. This event is open to the public and all are welcome. A charrette is an intensive planning session where citizens, designers, and others collaborate on a vision for development on a particular site. Those who attend will discuss their observations, identify their likes and dislikes, suggest their ideas for vehicle and pedestrian improvements, and make recommendations for future land uses during a very interactive workshop.

The workshop will be facilitated by MainStreet Planning Company, a professional land use consulting firm, which is assisting the Planning Commission in writing the 2017 Master Plan. **Your participation is needed and is extremely important in crafting a future land use plan that reflects your ideas and visions for your community!**

DATE: TUESDAY, SEPTEMBER 26, 2017
