## Grant Award Received by the City

The Michigan Department of Natural Resources (MDNR) has notified the City of South Haven that it has been approved for MDNR's Recreation Passport Grant Program funding for its "Kids' Corner Improvements" application in the amount of \$45,000.

Kids' Corner Playground is a Robert Leathers Creative Play Area project completed in September 1988 in Monroe Park, 563 Monroe Blvd. This was a "community build" project built with donated tools, material, money and labor and given as a gift to the City of South Haven. The playground has been well-cared for over the years and has lasted longer than originally estimated—now over 27 years. Although the poles and framing are still in good structural condition, the funding allows for the playground to be renovated, including attention to all maintenance issues and safety non-compliances. Renovations would entail replacing some portions to allow for newer equipment, including renovation of existing play elements that will meet current safety standards and are ADA accessible.

The funding sources for the Kids' Corner improvements are the MDNR (\$45,000) and the City of South Haven (\$48,000) for an estimated total project cost of \$93,000.

A detailed site map of the project can be found under the "Projects" tab from the Home page of the city website at [www.south-haven.com](http://www.south-haven.com).
